

Putting the Patient at the center of Value-based Healthcare

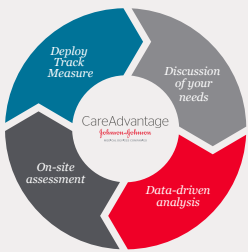

Delivering 360° of value through innovative products and technologies

CareAdvantage

Our approach to partnering with hospitals and healthcare providers in order to achieve the Triple Aim of enhancing patient experiences and improving outcomes, while reducing costs.

Solving starts with listening.

Our **Patient Pathway capabilities** are built with the patient at the centre to help ensure patients receive consistent, coordinated care, whilst supporting patients to take control of their own treatment and recovery.

<p>Empowering patients through shared decision-making and technology to take control of their own treatment and recovery</p>	<p>Driving consistency among the multi-disciplinary team across the entire patient pathway episode</p>	<p>Providing continuity of care (in and out of the hospital setting) throughout the patient journey</p>
